

# WHAT TO DO IF YOU MISS CLASS

If you have missed class (for any reason), these are the steps you should take to figure out what you need to do to get caught up. You should have all you need in order to stay caught up so that you haven't missed anything when you return. You can take advantage of this if you know you are going to be gone a specific date, or if you ended up being out sick unexpectedly for example.

- 1) Go to our class website ([www.mathswenson.weebly.com](http://www.mathswenson.weebly.com))
- 2) Find the page for your class and scroll down to find the Week-At-a-Glance for the date(s) you were gone.
- 3) Make note of the following:
  - a. Any lessons you missed, and the titles of the videos you'll need to watch.
  - b. Any homework assignments you missed
  - c. Any quiz, test, or other in-class activity you may have missed.
- 4) Upon your return:
  - a. Handouts can be found in the bins in my classroom.
  - b. Missing tests/quizzes will be in their bin with your name on them.  
Make a plan with me to make these up!

## Lessons

I have a recorded lesson for every topic we cover in class. These can be found on my website under Resources – Recorded Lessons. This is where you will go to watch any lessons you have missed.

## Note Packets

Note packets are available in the folder on the course page if you missed the day we passed them out, but if you have yours make sure to fill it out as you watch the recorded lesson!

## Assignments

Once you find the Week-at-a-Glance on the course homepage that corresponds to your absence, find the homework assignment(s) that you're missing.

## Quiz / Test / Activity

If you missed a quiz or a test, you'll need to make this up in person upon your return (or before you leave if it's a planned absence). If there is anything else unique that you've missed, please ask me and we'll figure out how best to catch you up.

After you've completed these steps, please feel free to send me a Teams message with any questions you may have! Please DO NOT message me until after you have attempted these steps to get caught up; after you have run through these steps, I'm more than happy to help!
